## **RSWG – Redistricting Workstations (Hardware and Software) - Status Update**

### **5.18.10**

- Machines have been configured and are ready to be deployed when users are ready.
- 2 workstations have been deployed already – Mike White’s and Mike Keane’s
- A meeting with Fred Hejazi from CityGate has been setup for Wednesday the 18<sup>th</sup> to discuss configuration issues with block level data.

## **RSWG – WISE-LR - Status Update**

### **5.18.10**

- As of today we have 56 counties participating in the WISE-LR program.
- 3 are undecided and 13 have said “no” to participate.
- LTSB and LRB to attend the annual county clerks meeting in Shawano (June 2010) to answer any WISE-LR or local redistricting questions. We have made contact with the Clerks’ association and are waiting for conformation on a date and time.
- All counties have now responded to the Local Redistricting Survey.

## *Results*

- **Question #3:** Does your county have a Geographic/Land Information Systems (GIS/LIS) department?
  - 69/72 counties do have a GIS/LIS department.
- **Question #5:** Does your county have a broadband internet connection?

- 71/72 counties do have broadband connection (Washburn does not).
- **Question #7:** Does your county have a current ward layer?
  - 65/72 counties have a current ward layer.
- **Question #8:** Does your county have any other current geographic data (i.e. municipal boundaries, streets, etc...)?
  - 69/72 counties do have other geographic data they'd share.
- **Question #9:** Would your county be willing to participate in the WISE-LR Pilot Program?
  - 56/72 counties have elected to participate in the pilot program.
